

Appendix D: Acronyms

ACS	American Community Survey
ACE	Accuracy and Coverage Evaluation
ADP	Automated Data Processing
ADSM	Adstar Distributed System Management
AES	Automated Export System
AFF	American FactFinder
AIX	IBM's proprietary name for their version of UNIX
AR	Activity Request
ARRS	Administrative Records Research System
ASM	Annual Survey of Manufacturers
ATM	Asynchronous Transfer Mode
BCC	Bowie Computer Center
CAI	Computer-Assisted Interviewing
CAMS	Commerce Administrative Management System
CAPI	Computer-Assisted Personal Interviewing
CARMN	Cost and Response Management Network
CASES	Computer-Assisted Survey Execution Software
CASIC	Computer-Assisted Survey Information Collection
CASRO	Computer-Assisted Survey Research Office
CATI	Computer-Assisted Telephone Interviewing
CEF	Census Edited File
CIFS	Common Internet Filing System
CIO	Chief Information Officer
CIR	Current Industrial Reports
COTS	Commercial off-the-Shelf
CPS	Current Population Survey
CSAQ	Computerized Self-Administered Questionnaire
CSC	CAMS Support Center
CUF	Census Un-edited File
CUI	Common User Interface
DADS	Data Access and Dissemination System
DANC	Decennial Applicant Name Check
DCS2000	Data Capture System 2000
DCSC	Data Capture Services Contract
DLT	Digital Linear Tape
DPP	Data Products Production

DR	Dress Rehearsal
ESMPD	Economic Statistics Methodology and Programming Division
ESRI	IBM Subcontractor providing Geography software
EV&V	Evaluation & Verification
FDDI	Fiber Data Distributed Interface
FERRET	Federal Electronic Research and Review Extraction Tool
FRAPS	Field Representative Automated Payroll System
FRED	Field Representative Earnings and Data
FTD	Foreign Trade Division
GIS	Global Information System
GSS	Geographic Support System
GUI	Graphical User Interface
GUS	Geographic Update System
GUSSIE	Geographic Updates System in Support of Intercensal Estimates
HACW	High Availability Control Workstation
HPGL	Hewitt-Packard Graphical Language
HQ	Headquarters
HSF	Hundred Percent Summary File
HTML	Hypertext Markup Language
I&O	Industry and Occupation
ICE	Integrated Computing Environment
IIS	Integrated Information Solution
IMS	Internet Map Server
IRS	Internal Revenue Service
ISL	Integrated Statistical Laboratory
ISPN	Integrated Systems Processing Network
IT	Information Technology
JDBC	Java Data Base Connectivity
JDK	Java Development Knowledge
LAN	Local Area Network
LMC	Library Media Center
M3	Manufacturing, Shipment Orders, and Inventory
MAF	Master Address File
MIS	Management Information System
MSO	Marketing Services Organization
NAICS	North American Industry Classification System
NIC	Network Interface Card
NPC	National Processing Center

OAS	Oracle Application Server
OCR	Optical Character Recognition
OCS	Operation Control System
OMB	Office of Management and Budget
OMR	Optical Mark Recognition
OPS	Oracle 8 Parallel Server
OTDR	Operational Test Dry Run
PAMS/ADAMS	Pre-Appointment Management System/Automated Decennial Administrative Management System
PBX	Private Branch Exchange
PDF	Portable Document Format
PES	Post Enumeration Survey
PFIRS	Paperless Fax Image Reporting System
PL	Public Law
PMIS	Procurement Management Information System
RAM	Random Access Memory
RDC	Research Data Center
REOFRED	Regional Office Field Representative Earnings Data
RI	Requirements Initiative
ROI	Return on Investment
ROSCO	Regional Office Survey Control
SAIPE	Small Area Income and Poverty Estimates
SAT	Systems Acceptance Test
SDE	Spatial Data Engine
SGI	Silicon Graphics Incorporated
SIR	System Investigation Requests
SITP	Strategic Information Technology Plan
SMART	Survey and Management and Resource Tool
SMOBE	Survey of Minority Owned Business Enterprises
SMP	Symmetric Multi Processing
SP	Scalable POWERparallel
SQL	Structured Query Language
SSEL	Standard Statistical Establishment List
SSF	Sample Summary File
STAMP	Standardized Technologies Assisted Mail Processing
StEPS	Standard Economic Processing System for Surveys
TBD	To Be Determined
TDE	Touchtone Data Entry
TIGER	Topologically Integrated Geographic Encoding and Referencing System
TIPS	Table Image Processing System

TNRS	Telephone Number Research/Locating System
TSAR	Time Series Analytic Repository
UPS	Un-interruptible Power Systems
VLM	Very Large Memory
VRE	Voice Recognition Entry
WAN	Wide Area Networks
Y2K	Year 2000
